

COAL SHORTAGE IS SERIOUS--BAND AND PLATOON NOW NINETY MEN STRONG

CARNIVAL IS ARRANGED FOR FEBRUARY 4TH

Arrangements are now being made for the holding of a fancy dress skating carnival in the rink on the evening of February 4th. Everything will be done to make the event one of the most successful of its kind yet held locally. All skaters are asked to reserve the date and to watch for further particulars which will be given in the columns of The Star and in posters to be circulated at the earliest opportunity.

GOOD HORSES ARE IN DEMAND; SALE WAS HUGE SUCCESS

Selling \$3,867 worth of stuff in a short space of one hour and fifteen minutes, Bud. Simmerman held a successful horse sale on Saturday afternoon. Considering the excessive climatic conditions that prevailed and the consequent small attendance, the sale ranks as an exceptional one. The prices realized were also good, \$485 being paid for a single team.

Buyers were in attendance from Irma, A. Smith of that point purchasing a team at a price of \$485; Health buyers were also present, among the purchasers being J. Messier, Ed. Guddard of Gilt Edge purchased three good animals while other horses went for high prices to various points contiguous to Wainwright. The sale was conducted by Mr. Simmerman who recently returned to Wainwright after taking a course of instruction at the Jones National School of Auctioneers, Chicago. The school is conceded to be the best in United States. Sales to be conducted by Mr. Simmerman in the near future will be held as follows: Irma, Feb. 5th; at Chauvin, Feb. 12th and at Wainwright on Feb. 19th. Posters in connection with these sales will be circulated within the next few days.

BIRD COMMENDS WORK OF LOCAL FIRE FIGHTERS

The firefighters on Thursday evening displayed an energy that was remarkable and despite the loss of the mill, Mr. Bird, owner, spoke in commendable terms in regard to the efforts of all those who took a part in the endeavor to extinguish the flames. Had water been at hand, there is no doubt in the world but what the structure would have been saved for at 10 o'clock many persons left the scene with the thought that the fire had been mastered. To Chief McLuhan and all the rest of the fighters is praise in order.

Got a Cold? Is your head stuffed up? Rexall Catarrhally will clear it for you. 25c a tube at the Wainwright Pharmacy.

J. Kaine spent several days in Calgary last week on business.

The Ladies' Aid of Grace Methodist church will hold their annual Valentine supper in the church on Monday Feb. 14th, from 6 to 8 o'clock.

FIRE DESTROYS BIG FLOUR MILL OF WAINWRIGHT MILLING COMPANY; LOSS ESTIMATED AT ABOUT \$25,000

IT BARELY KEEPS THEM AFLOAT

With the Presidential campaign looming up, tariff issues are very much to the fore among our neighbors to the South. The above cartoon depicts the attitude of the Republican party on the tariff question. They attribute to war orders any revival there has been in American manufacturing industries.

GREATER LOAN FREEDOM FOR FARMERS

OTTAWA, Jan. 26.—Sir, finance live stock production. Thomas White has been the recipient of numerous requests from farmers of Alberta to secure greater freedom in securing loans from banks to

King Meets Success In Recruiting Men For Battalion Band

Almost satisfied with his success during his absence in looking for bandmen, Acting Band Sgt. H. C. King returned to Wainwright on Tuesday with the information that the outcome of his trip had resulted in eleven more men being signed up for the musical organization of the 151st Battalion. That T. C. King is almost satisfied speaks volumes for the success of his trip.

Since Mr. King's departure from this town about ten days ago, he has visited Edmonton, Wetaskiwin, Lacombe, Ponoka, Camrose and Meeting Creek and has been in touch with all other recruiting centres by telephone. Three players were secured from Fort Saskatchewan, two from Vegreville, one from Camrose, one from Provost and four from Edmonton. Practically all are seasoned players, some coming here with ten year's experience to their credit. The leading corner player of the Fort Saskatchewan band is one of the men included.

Since Mr. King's absence,

Citizens To Meet

The regular monthly meeting of the Wainwright Citizens' Association will be held in the council chamber on Friday evening, January 28th. Important business will take place in the election of officers and all members are requested to be in attendance.

Fire which started in the basement of the building shortly after 8 o'clock on Thursday evening last, demolished the big mill of the Wainwright Milling Company. It is estimated that the loss will amount to about \$25,000, a large portion of which is covered by insurance.

Management and staff are at a loss to even suggest a reason for the conflagration. Not a single furnace or fire is contained within the basement from which smoke issued when the blaze was first discovered. Neither was there any fire or heating pipes in the west side of the building where the fire gained its initial strength. The local fire fighting force did all within its power to save the structure but lack of water handicapped them. G. T. P. engines were drawn from the roundhouse and their tenders filled with water to which engines and hose were connected. Within an ace of success, the water "played" out necessitating a change of engines. It was while water was being drawn that a strong wind arose with the result that all efforts of the firemen soon proved of no avail. The structure was a heap of ruins at mid night.

BIRD TO SUBMIT ERECTION PLANS OF FLOUR MILL

With C. E. Bird and members of the city council in conference, a meeting was held in the council chamber this morning at which the possibilities for the re-construction of Wainwright's mill were thoroughly discussed. The general feeling of councillors present was that work should be commenced at an early date to erect the industry. The meeting closed with the understanding that Mr. Bird outline plans and submit these to council for its co-operation. As is generally known, the town of Wainwright possesses \$8,000 in the concern of the Wainwright Milling Company, this being the balance of a loan paid to the company at the time of its entry here. It is expected that Mr. Bird will leave for Minneapolis on Thursday and that he will submit his plans within the course of a few weeks.

Seen this morning, Mr. Bird expressed the opinion that all would be in readiness for the re-construction of the mill by the coming of spring. "I am returning to Minneapolis tomorrow and will do all in my power to effect such arrangements that will prove not only of benefit for myself but for the town of Wainwright and district. I will submit plans to council that will include for the construction of a mill and elevator combined and for a mill and elevator as separate institutions. This will be the general outline we will start on," concluded Mr. Bird.

W. S. Clark's sale is still on and those who have not yet taken advantage of the many bargains offered are advised to look over the ad appearing in this issue.

EXPANSION OF TRADE

December was another month of expanding trade for Canada. Imports for that month were \$45,600,711, and the same month of the previous year \$30,393,913. Exports for last December were \$92,171,402, as against \$37,193,609, for the corresponding month in 1914 or a favorable trade balance for the month of forty-seven million.

WILL CONDUCT CAMPAIGN

Plans are now being made for the commencement of a big recruiting campaign by Lieut. C. R. Biederman and Sergt. H. C. King. The campaign will take in all towns as far as Chauvin on the east and Holden on the west. The party will in all probability include a portion of the band, a concert party and a number of speakers. Local officials are endeavoring to recruit 200 men.

UNVEILING CEREMONY OF ROLL OF HONOR TO BE CONDUCTED

An unveiling ceremony of the roll of honor of the Wainwright Lodge of the I. O. O. F., No. 45, will be held in the lodge rooms over Washburn's store following the usual evening's session on Monday evening, February 28th. Invitation for their presence at the event is extended to all Oddfellows, their wives and friends. It is hoped that Grand Master Cummings and Deputy G. M. Talley will be present. Addresses will be given by Rev. Thomas Murphy chaplain of the lodge and by Dr. Little.

The function, which will be an epoch making event, will be made as enjoyable and interesting as possible. In addition to the unveiling, the giving of the addresses and their replies, an entertainment will also be provided and refreshments served. It is possible that after the termination of the war, the local I. O. O. F. lodge will have a roll of honor inscribed on slate to be placed in a public building of the town.

Ross Loses To Edgerton Rink

A representation from Edgerton skipped by Mr. Saddler and composed of Messrs. Pawsey, Stratton and Morrow beat a local aggregation on Saturday night defeating a rink skipped by Ross and composed of Munn, Milne and Millar, by a score of 10-8. The game was for the Hudson cup.

Is that old cold sticking with you? Rexall Cod Liver Oil Emulsion will loosen it up for you. 50c and \$1.00 at the Wainwright Pharmacy.

NINETY MEN NOW MEMBERS OF 151ST IN WAINWRIGHT

Ninety men are now registered as members of the platoon and band of that portion of the 151st Battalion stationed in Wainwright. This number includes 70 men in the platoon and 20 in the band. A list of names of the recruits follows: 151st Overseas Battalion. C. E. F. C. Company. Platoon. Lieut. C. R. Biederman, Serg. A. King, Pte. J. Wild, E. R. Pitman, T. N. Saul, A. T. Stickland.

SCHOOLS ARE CLOSED ON ACCOUNT OF COAL SHORTAGE

The unprecedented coal shortage is taking on a serious aspect in practically every town along the line of the G. T. F. from Edmonton to Saskatoon. A temperature ranging around the 35 degree below zero mark was experienced here yesterday and this coupled with a high wind left residents shivering. So acute is the fuel shortage to-day that it was deemed advisable at noon to close down the schools until such time as an adequate supply has been delivered. Enquiry elicits the information that other towns will of necessity have to follow Wainwright's example should present conditions continue for many more days.

PORTER JOINS BAND

For the purpose of joining the band of the 151st battalion now stationed in this town, Bert Porter, a former resident of Wainwright arrived here on Monday from his home at Vermillion. Bert will be remembered as a former employee of The Star and as a member of the Wainwright Band of a year ago.

CARD PARTY POSTPONED

In consequence of the excessive cold weather, the card party which was to have been held under the auspices of the R. C. Church on Monday evening, was postponed until a later date. Full particulars in regard to the new arrangements will be made later through the columns of The Star.

TIGHTEN SEA POWER

Whatever change in the British orders-in-council is made, it is absolutely certain that the grip of the British sea power on Germany will be tightened rather than loosened. This is the opinion expressed in a high quarter of the British government, which is not yet convinced that the orders-in-council are not the best method for bringing economic pressure to bear on the Central Powers.

LARRABEE IN HOSPITAL

L. L. Larrabee is again in the Royal Alexandra hospital at Edmonton receiving treatment. Mr. Larrabee's illness was brought about as a result of an accident in a recent hockey game. Reports received to-day are to the effect that he is progressing as well as can be expected.

Rexall Rose Water and Glycerine will help those chapped hands. 25c at the Wainwright Pharmacy.

GROSS CASUALTIES OF WAR REACH ENORMOUS TOTAL; 21,000,000 MEN UNDER ARMS

LONDON, Jan. 26.—The gross casualties of the war to January 1, 1916, reached the enormous total of 14,960,000. These figures have been computed from statements of the losses by Great Britain and her allies and are estimated in the case of the Teutonic allies. The number of killed is estimated at one in every five of the gross casualties and prisoners at one in every seven. Upon this basis it is found that the total killed number 2,990,000, prisoners 2,140,000, and wounded 9,830,000. The estimate of the gross casualties suffered by each nation follows:

Russia	4,000,000
Germany	4,000,000
Austria-Hungary	2,800,000
France	2,300,000
Great Britain	560,000
Italy	300,000
Belgium, Serbia, Bulgaria, Turkey	1,000,000
Grand Total	14,960,000

In the Balkan war of 1912-13, 350,000 men were killed of the 1,250,000 engaged. In the Russo-Japanese war, 550,000 were killed of the 2,500,000 engaged. There are now at least 21,000,000 men under arms in the different theatres of the war.

WAINWRIGHT ALTA., WEDNESDAY, JAN. 26th, 1916

THE BURNING OF WAINWRIGHT'S MILL

FIRE WHICH COMPLETELY DESTROYED Wainwright's mill on Thursday evening of last week caused this town to suffer a loss that can scarcely be estimated in dollars and cents. The STAR, in its statement that the loss is one of the greatest experienced by this young town during its short history, makes an assertion that cannot be doubted by thinking residents who have given full consideration as to the benefits derived by Wainwright in having within its bounds, a mill of the proportion and the capacity as that which was razed to the ground on Thursday evening of last week.

Unfortunately for the owners and unfortunate for the town of Wainwright as a community was this conflagration and it is to be hoped that every effort possible will be extended toward the construction of another mill with the least delay possible. If Wainwright is to continue along lines of progress, its councillors and public spirited citizens generally must leave no stone unturned until all arrangements are made for reconstruction. Wainwright must have a mill for her farming community and people generally make this demand. This demand must either be supplied or trade must be diverted into other channels and to other sources. Two courses alone are open—a mill and its consequent trade or the absence of one and the consequent diversion of trade to other centres.

Until a week or so ago, Wainwright never knew how valuable its mill really was. Alleged mismanagement and unamiable business relations had been detrimental to the well-being of the plant with the result that it was not proving the business and revenue producing establishment it should have been. But with the recent change in management and the resultant change of business relations between the producer, the retailer and the consumer, a beneficial improvement was noticed; more grain was being bought, more being turned into flour, a bigger demand for Wainwright products was evidenced, the staff of the mill was increased and the sails of business were turned by the breeze of coming prosperity.

All this has been noted during the past few weeks only to be dimmed by the devastating fire of Thursday. But in no small degree does this give evidence as to the possibilities of the mill and it points clearly to the necessity of a mill in this town.

Many opinions have been aired since the fires as to the cause of the conflagration. Several have laid this to incendiarism and have even gone so far as to shoulder the guilt without any just cause and minus a particle of evidence. True there were co-incidences connected with the fire that appeared strange but those who would convict either a man or party upon these co-incidences are evidencing not only folly but the very essence of narrow-mindedness.

FOOLS! FOOLS!

EVERY SO OFTEN Brother Boozie inspires some editor to take pen in hand and deliver himself. Thus the "Post-Dispatch" of St. Louis says:

Everyone agrees that a man who spends his earnings for drink is not only a bad customer for all except liquor dealers and saloon keepers, but he is a fool. He is just as much of a fool if he spends his earnings on food alone, or jewelry, or tobacco, or theatres or motion pictures, yet we do not ask that all people be forbidden these things because fools squander their money on them.

Still, at the moment, we do not recall ever having seen a woman who would not prefer a gold wrist watch to a blow from the fool she married; nor a little child who would run under the bed to avoid the fool who wanted to take him to the movies. And, try as we may, we are unable to recollect ever having seen two fools or three fools or four fools buying each other ham in a butcher shop and later on trying to murder one another with link sausage. Speaking scientifically, there are fools and fools—and then some.

NEW U. F. A. PRESIDENT

THE REMARKABLE SUCCESS of the Alberta Farmers' Union has been largely in the leaders whom the members have elected. The last two presidents, the late W. J. Tregillus and the late James Speakman, were remarkable men in every sense of the word, and among the ablest which have ever held office in this province.

Mr. Wood, the new president, has a high standard to live up to. However, he is an able man, with lofty ideals. He is an active, energetic member of the organization, and should be a worthy successor of the very successful men who have preceded him.—Albertan.

NOTES AND COMMENT

The man who can shoot the curlin' stanes across the ice all day, and sweep and sweep and sweep, and never get tired at all, has difficulty in getting away with the sweeping of a nine-by-twelve rug when the wife, by moral suasion, insists upon it, without complete physical collapse.

Wagner and Strauss were responsible for this war by their martial music, says a Russian orchestra conductor in New York. That's a new one. Possibly Germany will retaliate by blaming it on the authors of "Soldiers of the King" and "The Lad in Navy Blue."

If it is true that a dozen recent air raids on London have been prevented by the new anti-air raid arrangements made by the British authorities the world is thereby given another exhibition of the thoroughness of British methods. The submarine was long ago put out of the menace class in the blockade zone; now the Zeppelin is discounted as a real danger.

BUILDING MATERIAL

See us for best grades of building materials at lowest prices, we have large stocks and can supply in either

FIR OR SPRUCE

LUMBER FROM \$15 PER M. UP

We strongly recommend FIR in every case which is the only satisfactory lumber to use. Cheap native spruce will shrink and twist as long as it is on a building and is not generally used on first class buildings.

IT WILL PAY YOU TO GET OUR PRICES BEFORE BUYING

What about that old floor you are going to repair this winter, we will lay a best grade maple flooring for less money than you can lay rugs or linoleum. Call in and let us prove it to your own satisfaction.

LARGE LUMP

COAL at \$3.25

per ton on cars.

Our Leaders are Humberstone & Pembina. We guarantee these coals to be the best possible to buy for the price.

MUSSON & ROSS THE BUSY CORNER

HUGE PROFITS MADE BY FARMERS' COMPANY

The Recent Annual Meeting of the Grain Growers' Grain Company Revealed a Most Successful Year

A glance over the balance sheet of the Grain Growers' Grain Company for the year ending August 31st last, as presented at their annual meeting, indicates that the farmers are not such amateurs in the business world as has often been alleged in controversies arising out of the sale of implements. The farmers' co-operative movement must be in good hands, judging by the splendid earnings of the parent company.

The statement shows that at a paid-up capital of about \$870,000, profits for the year were \$227,000, or more than 25% of the paid-up capital. A reader of the "Grain Growers' Guide," will find the financial statement of the farmers' big company, and particularly if he subscribes to the policy of the "Guide," would be inclined to think that there must be a big mistake about this statement, and that it was really the balance sheet of one of the big railway or banks or milling companies, or even a manufacturing concern, in which he has been taught to believe the profits are never less than 25%.

However much criticism might be heaped on a milling company (or some similar institution) which showed profits of 25% on its paid-up capital, by certain writers in the West, there is no business man, either in the East or the West, who will begrudge the farmers' company the excellent profits they have made. Whether the co-operative principle has been adhered to rigidly, by those behind the company, is a question, or not, there is no doubt that the investors in the company have received a substantial return, much higher than is usual in the average commercial enterprise.

If this company continues to make these huge profits, it would seem that those interested would have to be more guarded in the future in their condemnation of those who in enterprises which have come under the attack of the farmers are fortunate if they have an annual statement showing half the percentage of profits of the farmers' company.

FREE WHEAT

Globe Saw Little in It Three Years Ago—Interesting Retrospect

When the free wheat question came up again this fall, some one with a good memory recalled that the Toronto "Globe" over two years ago, had an article setting forth the facts against free wheat in a very convincing way.

Recourse was had to the back files of the "Globe," and it was found that on Friday, April 26th, 1913, the "Globe" had a special article on its financial page, entitled "Canada's Grain and Flour and Wheat Tariff Bill." The burden of this article was that the flour and wheat trade would scarcely be affected. The most striking comment in the article in question is as follows, under the heading "Effect on our Wheat":

"The reduction proposed in the duty on wheat will affect the Canadian producer very little now. The United States is producing too much surplus wheat in these days to afford us a profitable market there. With reserves on March 31st amounting to about 155,000,000 bushels and a new winter crop coming in about the 1st of July, which promises to greatly exceed that of a year ago, the United States is a huge exporter yet. With her new irrigation methods there are large wheat areas yet untouched. There is promise that she will be a large exporter for many years to come. Prevailing prices in American markets reflect the relative position of the two countries. The present period is a good time to compare prices, as the export season, on this side of the water, is progressing towards its close. In Winnipeg yesterday futures were selling as follows: May, 92½¢; July, 94¢; October, 89¢. In Minneapolis they were selling May at 82½¢; July, 90¢; September, 81¢. In Kansas City, May at 86½¢; July 85½¢; September, 85¢. Except for some weeks in December last, cash and future prices in the United States markets have been below Winnipeg. Britain is the great consuming market of both Canada and the United States. In 1913, 60,343 bushels of wheat went from Canada to Britain. The past year Liverpool has largely controlled the future markets in both countries."

It will be seen from the above that the "Globe" is inclined to think that on the whole little would be gained by our wheat being admitted free to United States. The figures quoted above, in a striking manner, that the Winnipeg prices are higher than Minneapolis at times, and a careful review of these figures over a period of years would show that, while at times the Minneapolis prices may be higher than those in Winnipeg, on the whole what little difference there is in favor of Winnipeg.

WAINWRIGHT L. O. L., NO. 2535

Meets every second Thursday of each month in Wainwright's Hall, Second Avenue. Visiting brothers are cordially invited to meet with us. E. K. SMITH, W. M.

Another Household Convenience

The best tea on earth will speedily deteriorate if exposed to the air and moisture.

The old lead wrappers for tea were good. But the world moves, and a better way has been found. Heavy parchment, impervious to moisture, dust-proof air-tight, now brings

BLUE RIBBON TEA

to your home in perfect condition. An outer covering of almost impenetrable cartridge-paper makes security doubly sure. No possible deterioration can occur.

You know "BLUE RIBBON TEA"—the best on the market. Now look for the new packet—a perfect wrapping for a perfect tea

W. S. CLARK EXCLUSIVE MEN'S WEAR
WAINWRIGHT: ALTA.

Mr. and Mrs. C. H. Mohr and daughter left town on Thursday for Minneapolis where they will take up residence. Quite a number of friends were present to wish them good bye.

All farmers and others in need of stock are asked to reserve Feb. 19th for their purchases. On that date another big sale will be conducted by Bud Sinnerman at the Buffalo Stables.

J. W. WOOD IS CHOSEN MEMBER OF DIRECTORATE

The United Farmers of Alberta have concluded their big convention at Calgary, and have decided to meet in Lethbridge next year.

The election of vice-presidents resulted in the selection of W. D. Trego of Glenora for first vice-president; S. S. Dunham of Lethbridge for second vice-president; Rice Sheppard of South Edmonton as third vice-president, and P. S. Austin of Ranfurly as fourth vice-president.

For the office of fourth vice-president there was a lengthy contest. Several votes were taken, James Weir being in the lead. A clear majority was, however, needed and on the last vote, Mr. Austin was elected. He was not present owing to illness.

Some trouble was caused over the election of officers, P. S. Austin, who was elected fourth vice-president being disqualified, as he was not present as a delegate.

James Weir of Parkland, who received the next highest number of votes, was declared elected.

The women's auxiliary elected the following officers: Honorary president, Miss Jean Reed; president, Mrs. Walter Parbury; Alix, vice-president; Mrs. Spencer, Edmonton; directors, Mrs. Fortune, Hindville; Mrs. Dowler, Veteran; Mrs. Davis, Acme; Mrs. Maddaugh, Alton; Mrs. J. F. R. R. (Dunham); Mrs. H. C. McDaniel, Whitla.

A resolution was passed that the U.F.A. request the Dominion government at the present session of parliament to amend the bank act so that the small farmers may have the privilege of borrowing at long dates from the banks on the security of live stock.

This is to apply only to live stock held unencumbered or purchased after the amendment is passed because it is not suggested that security given over for live stock should be interfered with.

Resolutions asking for increased facilities in forming consolidated schools and requesting the government to appoint a commission to administer the liquor act were adopted.

The convention went on record as favoring the licensing and handing of commission men handling farm produce on retail markets or other medium for trading purposes.

Resolutions calling for a tax to provide for returned soldiers and asking that the profits of the protected industries be taxed were adopted.

The convention discussed placing a tax on protected industries. It was moved "that this organization urge upon the Dominion government the expediency of placing on all protected industries a tax on the profits of such manufacturing over and above the cost of production."

The Canadian Northern car shortage was discussed at some length and it was decided to ask the government to assist in getting relief. J. A. McColl, M.L.A., was deputed to take the matter up in Ottawa.

Questions of law were also dealt with, and the abolition of the jury system in actions on contracts and the recovery of land was condemned vigorously, and it was decided to ask the government to have the right of

ANGLICAN CHURCH CONCERT

Under the auspices of St. Thomas' church, an entertainment will be given in the Elite theatre on Wednesday next. The program is of a varied character, consisting of Songs, Glee, Recitations etc., for the first part and for the last part there will be four reels of moving pictures. The prices of admission are: reserved seats 35c., all other parts 25c. Plan of the theatre may be seen at the Wainwright Pharmacy. The program includes the following items: glee—"From Oberon"; song by Rev. R. K. Swenerton; recitation by Miss Henry; song by Mrs. T. Murphy; glee—"Carnovale"; quartette, "Pro-fundo Basso"; reading by Rev. H. Assiter; glee—"O Hush thee My Baby"; glee—"Sweet and Low"; glee—"O Who Will O'er the Downs"; song by Rev. H. Assiter and sketches.

Reserve your date now for Sinnerman's big horse sale to be held at the Buffalo Stables on Feb. 19th.

While the weather man was peacefully sleeping during the past few days, Wainwright has been shivering in a temperature that at times has fell to somewhere in the neighborhood of 40 degrees below zero. Similar climatic conditions have been and are still being experienced throughout the province.

Greenshield

D. A. McDougall returned Sunday from Calgary where he attended the U. F. A. convention.

T. A. Patterson accompanied by his son, returned from Toronto recently.

Chas. Jenion is in our neighborhood again.

J. A. Patterson takes the place of W. T. Morrison on the school board this year.

Weather being favorable, the W. C. T. U. will hold a meeting at Mrs. W. A. White's residence on Wednesday afternoon's.

Jury trial restored.

By a standing vote the convention resolved that provision should be made for the punishment of a man for adultery before his wife is driven to any such act as that committed by Mrs. Jennie Hawkes.

Lethbridge was chosen as the next convention city.

The legislature will be petitioned for a bounty on coyotes of \$1 per head. A uniform tax on all lands subject to taxation for school purposes will be asked.

The delegates pledged themselves to vote against any member of parliament who does not endorse the removal of the duty on wheat.

SUNDAY SERVICES IN LOCAL CHURCHES

At St. Andrew's Presbyterian church next Sunday, Rev. Thos. Murphy will preach taking for his subject at 11 a. m. "The Oil of Kindness" and at 7.30 he will preach on the subject, "Heaven; Where Is It? And How to Get There." Fifteen minute song service before the evening service. Special music both morning and evening.

At Grace Methodist church next Sunday the pastor, Rev. R. Kells Swenerton will preach morning and evening. At 11 a. m. the subject will be, "A Cake Not Turned." The Sunday school will meet at 2.30 p. m. The evening worship will open at 7.30 with a song service when some of the old favorites will be sung. The subject of the sermon will be, "Selfishness and Sacrifice." A friendly invitation is extended to all to attend these services.
